

An update from the Town Mayor, Cllr Chris Parsons MBE

We are all living in difficult times at the moment and it is very probable that the situation will become worse in the days ahead. Pershore Town Council is actively working behind the scenes in every way that it can. We are working closely with the Police, Churches Together, the Volunteer Centre and other local organisations. We are also receiving updates from County and District Councils as the situation changes.

In the interests of all our residents the Town Hall, like many other outlets in town, has been closed to the public, this is for your protection, we are still available on the normal phone line 01386 561561 and email townclerk@pershore-tc.gov.uk. Some of the more essential outlets in Pershore are now offering a home delivery service, details of these can be found on our website.

Information coming from several different sources can often lead to confusion so it has been agreed that the Councils website will be the vehicle used to collate and disseminate information to residents; this information may well change on a daily basis and provision has been made to accommodate this.

Finally I would like to thank all those people in Pershore that are helping the more vulnerable members of our community through this crisis. This is a time when we all need to help each other and capitalise on the good old Pershore spirit that has long existed in our town. This situation is serious – we must all treat it as such.
